OPTOTRONIC® Indoor Compact LED Drivers

OPTOTRONIC® by eldoLED Indoor High Wattage and Compact Programmable LED drivers are exclusive to North America. All of these highly efficient constant current Indoor Compact LED Drivers dim to 1% with unique architectural grade features—such as Dim to Off, Vaux Output and Synchronized ON/OFF Timing—to meet the tough demands of your lighting projects.

OPTOTRONIC® Industrial LED Drivers 95W Product Specifications

Model	Input Voltage	I _{out} Range	V _{out} Range	Aux Voltage	Aux Current Max
95W	120-277 VAC 347-480 VAC	700-2750mA	15-54V	12/20/24V	100 mA

57509	*2743XJ	OTI95W/UNV/2750C/2DIM+/P6
57510	*2743XK	OTI95W/UNV/2750C/2DIM+/P6/AUX
57511	*2743XL	OTI95W/HV/2750C/2DIM+/P6/AUX

- **UL Class 2 Driver**
- Targeting Outdoor/Industrial applications
- Hi-Efficiency (>90%)
- 1-click programmable via OT Programmer
- Input standby power is < 1W when no load on AUX Output
- **0-10V Dimming: True 1%**
- IP66-rated, **UL Class P listed**
- 6kV Native Surge Protection & 4kV EFT (**Extreme Industrial**)
- **Driver Thermal Protection**
- AstroDIM & End of life features (Programmable)
- **DIM2OFF** feature
- Temperature diagnostics
- **Programmable AUX** □ 12/20/24V 100mA

PROLICHT - Customer Success Story!

Design was way ahead of technical solution

Difficulties in finding a technical partner to connect design and technical solution delayed project. PROLICHT's Hadi luminaires were on the way for several years, but with Ingemann onboard, the parties managed to find a solution within only 6 months.

"We chose Ingemann because of their capability in offering us freedom in the shape of 'the sandwich'. An essential point of our project was to find a unique shape to differentiate our product from the standard rectangular cuts," says Filippo Bettinazoli.
