eldoLED for Casambi – Smart Plug & Play Solution

Discover eldoLED's smart solution for Casambi - combine your eldoLED LED drivers with an eldoLED Casambi-ready radio! eldoLED radios are the smallest in the market (50% smaller than average) and the most flexible to integrate. Flicker compliant and no additional mains are needed due to the LEDcode connection.

Combined with an eldoLED driver, known for its superior dimming, color accuracy and versatility, you'll have a powerful, smart and reliable solution.
