

A manufacturer's representative with over 30 years experience serving the OEM lighting market.

Ever wonder what all OLS represents... here you go!

Let us know if we can help you in anyway
www.oemlightingsales.com

Representing "best in class" brands to service lighting manufactures in North America.

 <p>your product our drive</p> <p>High efficiency LED drivers and modules for lighting that's seamless, fulfills your needs and complements natural light.</p>	 <p>Indoor linear & compact LED drivers provide true 1% dimmable drivers with a wide output and universal voltage range with architectural grade features</p>	 <p>POWERING YOUR WAY</p> <p>Emergency Lighting Solutions and Powerful AC/DC/Charger Designs</p>	 <p>Industry leader in developing Occupancy Sensor Products and Technology for Lighting Control</p>
 <p>Technology Engineering Innovation</p> <p>Leading U.S. based engineering and technology company, is the largest provider of linear low-voltage lighting solutions in North America</p>	 <p>Produces a 98% patented reflective film, diffusion films, batwing films, and linear control films.</p>	 <p>Global leader of specular, raw and highly reflective white aluminum for lighting applications.</p>	 <p>Specializes in Die Cutting, Gasket Fabrication, Metal Stamping, CNC Plastic Fabrication and Rigid Plastic Extrusions</p>
 <p>Producer of high-quality light guides that provide outstanding efficiency and beam control</p>	 <p>Innovative light measurement devices. Fast spectrometer collecting all data at once.</p>	 <p>Customized Linear Led Modules</p> <p>Custom Linear and Area cuttable LED module equipped with LEDs from OSRAM.</p>	 <p>THE WIRING SOURCE</p> <p>Wiring solutions, IP Rated over molded solutions, wire harnesses, PCB integrated solutions, 100% continuity testing</p>
 <p>Near-field optical TIR lens system to deliver precise light control with transmittance efficiency averaging over 94%.</p>	 <p>The industry leader in high quality, cost effective electronic outdoor photocontrols.</p>	 <p>LSI Poles offers a full line of poles and brackets to complete your lighting assembly.</p>	 <p>Bluetooth Low Energy Wireless Mesh that can be integrated into LED drivers, LED bulbs or LED Modules</p>

Introducing Tripp Roberts – Principal

Tripp has been with OEM Lighting Sales as a Sales Representative since 2016. During this time, Tripp has focused on providing the highest level of support to Lighting OEM's in North America by representing only the "best in class" component brands. He has a passion for customer service with the understanding that each customer has specific goals and needs. Tripp works in coordination with the Component Brands and our Customers to support New Product Development, Life Cycle Sustainment, Supply Chain Management, and Cost Down Initiatives.

Prior to joining OLS, Tripp has 10 years of experience in the electronic components industry, working with Manufacturers both Domestic and International. He focused on facilitating a positive experience by managing clients' requests and expectations, as well as resolving issues that may arise by identifying problems and finding resources to offer a solution quickly and efficiently. He brings that level of experience and customer service to the Lighting Industry.

We are happy to have Tripp as a new Principal!

OEM Lighting Sales | 235 Golfview Club Drive, Newnan, GA 30263
