

A manufacturer's representative with over 30 years experience serving the OEM lighting market.

TSG Resolute

TSG Resolute is the leading provider to the major OEM marketplaces for a wide range of products that includes gaskets, thermal insulation, acoustical insulation, electrical insulators, thermal management materials, bonding tapes, die cut plastics, adhesive lamination, profile extrusions, and metal-fabricated parts.

We are a 3M Preferred Converter. We specialize in the die cutting, conversion, and laminating of polymeric materials and pressure sensitive adhesives. In addition, we manufacture rigid plastic profile extrusions, and provide metal stamping at our two facilities in Georgia.
